BERLIN PLEADS WITH PRESIDENT TO DECIDE SUM OF REPARATIONS

WASHINGTON, April 21.—The American government refused today an urgent request of the German government that President Harding mediate the question of reparations between Germany and the Allies, and fix the sum Germany is to pay. The United States agreed, however, that if the German government would formulate promptly such proposals regarding reparations "such as would present a proper basis for discussions," it would "consider, bringing the matter to the attention of the Allied governments in a manner acceptable to them in order that negotiations may speedily be resumed."

AGREE ON CABLES.

EXPLAINS BACON CIPHER.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 21.—Japan and France are understood to have accepted the American principle of distribution of the former German Atlantic and Pacific cables at a session of the League of Nations.

(BY A. P. NIGHT WIRE.)

PHILADELPHIA, April 21.—A detailed description of the method used in decoding the cipher used by Roger Bacon, the thirteenth century philosopher-monk, in writing an 800,000-word manuscript now the property of the National Archives, was given today at the annual meeting of the American Cryptologic Association of the International Communications Conference held today at the State Department.

While details of the operation of the cables to be allocated are to be worked out, the acceptance of the

of Wilfrid M. Voynich of New York and London, was given here today before the American Philosophical Society by Prof. William Romaine Newbold of the University of Pennsylvania.

As a result of the revelations, scientists have declared Bacon had remarkable knowledge of modern spell the word. But it is very seldom possible to find syllables which fulfill these conditions and yet spell

a new word when arranged in the order of letters of the original word. For example, "cat" may be spelled "a-t-c" or "t-a-c"; the syllables may be rearranged into the word "dark," but when "dark" is translated the word "cat" will reappear.

"There are 484 possible combinations of the letters of two twenty-two-letter alphabets, taken two by two. Bacon makes every one of these combinations a letter of his alphabet and, with them, spells out a message."

 Scholars probably never will agree.

England is Ready for Finish Fight With Radicals; Will Maintain Order.

[BY CABLE-EXCLUSIVE DISPATCH.]

LONDON, April 21.—John Bull, who, a few weeks ago girded his loins for a slash fight with the forces of radicalism, Bolshevism and anarchy, which sought to bring about the overthrow of the British Empire, announces in no undecided terms that he is still prepared to do

The announcement comes through Sir Robert S. Horne, the sturdy and shrewd Chancellor of the Exchequer, who has been a dominant figure in the Government since the resignation of Mr. Davis as a compromise has yet to be accepted.

SPORTS MOTORING FILM LAND & DRAMA

FRIDAY MORNING, APRIL 22, 1921.

Looking Down on the Speeders from Top of Beverly Bowl.

Motorcycle Demons Making Fast Time on the Steep Speedway Turns. This unique view was snapped from the outer edge of the big bowl and shows several of the famous professional motorbike stars in a brush at 112 miles an hour, preparing for the world's championship races to be held next Sunday.

Soccer Teams Play Sunday for the Cup.

The Overseas and United clubs will meet next Sunday at Mather Field in the last and most important game of the season. Both teams are in the best of shape for the battle of their life. These clubs have met twice this season and each has beaten the other, so they now stand on even terms.

Each of them has won a cup, the United the Dyas cup and the Overseas the Spaulding challenge cup. The game on Sunday is for the Spaulding perpetual trophy. So far the only name on the cup is United, but the veterans are out to put their name on it for a year at least.

GLOUCESTER ENTERS FISHING BOAT RACE.

GLOUCESTER (Mass.) April 21. The desire of Norfolk, Va., to contest for the international fishing vessel championship with Boston, Gloucester and Halifax, N. S., was announced in a letter to the American race committee today.

SUTTON TRIMMED.

CHICAGO, April 21.—Edouard Moremans, balk line billiard champion of Europe, defeated George Sutton in the third block of their 1600-point 18.2 balk line contest today 400 to 126. The total for the three blocks now stands: Moremans, 1300; Sutton, 411.

BAKER REINSTATED.

CHICAGO, April 21.—Frank "Home Run" Baker today was reinstated in the National Collegiate Athletic Association track and field meet, as was announced today. The committee has decided that since the meet is to be national in character it will invite every stand-out college and university in the United States to send its best man to compete for the college track and field championship of America.

MISS STIRLING TO PLAY FOR CUP.

MISS STIRLING will compete against Miss Cecil Leitch, the British champion; Miss Elsie Grant-Suttie, former open champion and one time Scottish champion; Mrs. Temple Dobell, who was American champion in 1913; Miss F. Teacher, Miss Janet Jackson and Miss Joyce Wethered.

MOTOR-BIKERS IN TRIM.

Great joy pervades the Excelsior racing camp at the speedway, where the motor-bike kings are preparing for the world's championship events scheduled for next Sunday. Farmer Joe Wolters and Jimmy McNeill are the leaders of the cheering brigade, with their mechanical force a close second. For ten days the Chicago boys have been wondering how four new motor racing machines could be lost in transit between the Windy City and Los Angeles.

The lost motors were machines built especially for the big races here Sunday and were shipped from Chicago two weeks ago. By mistake they were placed in a Seattle express car and landed here only last night. Wolters and McNeill will be on the speedway this afternoon to qualify their new motors, which are expected to eclipse the performance of any of the other two-wheelers entered.

MILLER TRAINS AT BEACH.

Dolled up in a check suit of flamboyant hue and minus any stubble on his face, Walter Miller, heaving instructor of the Los Angeles Athletic Club, who is to meet Ted Thye of Portland, May 9, for the middleweight title, pulled his freight for Venice yesterday.

FIELD MEET AT CHICAGO.

CHICAGO, April 21.—The National Collegiate Athletic Association track and field meet, as was announced some time ago, will be held in this city. The committee is now prepared to announce that the date will be June 18.

ALL SET AT REDLANDS.

REDLANDS, April 21.—The University of Redlands track, believed to be the fastest in the south today, may see some broken records on Saturday. Charles Paddock, the world's greatest sprinter, will attempt to break four world records on the track. He will run the 100-meter and the 160-yard dash in one race, attempting to break two records there and the 330-yard dash and the 200-yard dash in another race, attempting to break two records. Two sets of tapes will be used and all the timers that can be secured, up will be used, about twenty of them, all told.

RESUME RACING IN BRITISH ISLES.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, April 21.—The government has withdrawn its ban on racing so far as the 2000 guineas and 1000 guineas stakes are concerned. Both races will be run at Newmarket on Friday, April 23. It was announced today. The ban was ordered because of the coal strike. The two stake events have been run yearly for more than 100 years.

ing that the Gothamites will send out a good sized team.

Frederick R. R. secretary of the national A.A.U., says nineteen men will be sent from the Metropolitan Association, including such stars as McDonald, Pat Ryan and the like. The Metropolitan is planning a boxing championship tourney to raise money to send the team to the Coast.

A letter from Thomas Tracy, secretary-treasurer of the Connecticut Association, names Richard Landen, high jump record breaker at the Olympic Games, as an entrant. The association also will send Tom Campbell, who placed fifth in the mile at Antwerp, fighting at the finish.

CHUNK SPRINTER.
Honolulu will send ten men, most of whom have been coached by Victor Ligda, former coach at Manual High School. Ligda's team of the year won the championship of the island, defeating the Outrigger Club by a score of 12 to 1.

LOS ANGELES VICTORS AT LAWN BOWLING.

to play in a gale he'll be just as well off as the next one."

Feasibly stifled talk about Dr. Hunter's prize shot—a high pitch to the pin—being valueless in the Hoylake winds, by recalling the fact that only about ten days ago Douglas Grant beat Cyril Toller's team of the British amateur championship last year, by a score of 8 to 5. The significance of this fact is that Grant employs a considerably higher pitch than does Dr. Hunter. If the State, do so? In view of the facts in the case, it seems silly to argue in any other mood.

HEARD TO DESCRIBE.
Dr. Hunter's game was an exceptionally wonderful in the recent Southern California amateur championships at the Los Angeles Country Club that it almost beggars description. He did everything in the way of driving, approaching and putting that could have been done by any man. And his skillful recoveries were something to conjure with.

It is not exaggerating facts to say that Dr. Hunter in the week of championship play at Beverly Hills performed in what no dandling in that it probably never has been equaled in any titular tourney in the country. How often do we see or read of a player registering par or better on the first nine holes of match play day after day for a week?

ONE UNDER PAR.
And yet that is exactly what Dr. Paul Hunter did. In fact, 35—one under par—was his favorite figure. What he rounded the turn he was generally about five holes up on an opponent and the latter practically out of the running.

Narrating the high spots of Dr. Hunter's game is easy, because at Beverly he had no weak ones. He ever heard of a player in a 36-hole final match winding up the championship with three birdies and a par on the last five holes? That's what Dr. Hunter did with Bob Hunter, his cousin, at L. A.

Dr. Hunter may be beaten in England, but as Doc Jim White said in presenting the State champion with a token of the brothers' esteem at their farewell party at the Pasadena Golf Club last Sunday: "If you win at Hoylake we can't think any more of you than we do now, and if you lose we can't think any the less of you." That is the spirit in which California is sending Dr. Paul Hunter to England.

A senior tourney for male players of 35 years and upwards will be held at the Griffith Park links today, by 135 feet with a box along the west side have a concrete foundation, for the ring is to be a permanent one, and it will be held there each year for charity. Forty box stalls for the horses are being erected. They will be used throughout the year by riders who patronize the Flintridge bridle paths.

BOWLING TONIGHT.
The all left-handed bowling team of Gene Murphy's will tackle the Los Angeles team tonight in an exhibition practice match at the Eldorado Alley. Both teams have a great following and have been secured in the Pacific Coast championships, to be held at Fresno next month.

COAST PITCHING AVERAGES.

Johnny Couch of San Francisco took the lead among the Coast League's pitchers when he blanked Vernon last Tuesday. Couch has four victories and no defeats. Lewis, San Francisco; Crandall, Los Angeles; Fittler, Sacramento; and Shellenback, Vernon, follow with three wins and no losses. The pitchers' records for all games played up to yesterday, as compiled by Leo Moriarty, follow:

COAST PITCHI

Johnny Couch of San Francisco was the league's pitchers when he blanked 25 batters and no defeats. Lewis, Sacramento, and Shellenback, Los Angeles, were the other pitchers who recorded 25 or more strikeouts. The pitchers' records for the season are as follows:

YANKS' SWEET TOOTH STILL IS ON THE JOB.

[BY CABLE AND ASSOCIATED PRESS.]

COBLENZ. April 21.—American soldiers whose predilection for sweets has often caused Frenchmen to gasp with amazement are still world champions in this respect, it is shown by figures compiled at the Cafeteria, the largest restaurant in Coblenz, under the management of the Y.M.C.A.

During the past year American doughboys ate at that restaurant alone 225,128 puddings, 475,813 tarts and cakes, 310,574 cookies and doughnuts, 62,151 cream puffs and eclairs, 624,908 dishes of ice cream, 264,281 chocolate sundaes, 61,373 pies, 223,787 apples and other fruit, 282,741 glasses of lemonade, and 42,792 oranges.

AKRON.
AKRON, April 21.—Newton T. Chalker, 75 years old, pioneer Akronite, attorney and wealthy banker, is dead at his home, 46 South Forge street.

Chalker's Landing on North Hill was named after him. He was formerly commander of Buckley post, G.A.R.

More than 100 of the 500 "loners" guests who have been entertained at the Russell L. Brooks home on Castle Boulevard on Wednesday evenings during the past two years, helped celebrate the second anniversary of the beginning of the practice. The loners parties in the society home have become nationally known.

T. G. Graham, formerly with Goodyear, has been made factory manager of the Mason Tire and Rubber Company at Kent.

Uncle Pete Starr, Dunning, Neb., celebrated his one hundred and third birthday, Tuesday. The town baked a monster birthday cake for him.

Mrs. Ed Fox, 4018 Wirt, committed suicide Wednesday because neighbors gossiped about her. She left a husband and four children.

20 MINUTES From 7th and Broadway

We offer a very delightful community property consisting of three modern houses and sixty-five acres of land within ten minutes from Pasadena and twenty minutes from Los Angeles.

The property commands a wonderful view of the mountains and is located on a paved Boulevard. The houses are finished in hardwood downstairs and white upstairs.

Two houses contain nine rooms and three baths and the largest house contains twelve rooms and four baths. Garage for eight cars.

Separate laundry with complete equipment. Gardener's cottage, etc.

\$85,000 would not replace the improvements.

Our price, including the 65 acres, is only \$100,000. We can highly recommend the purchase.

YOUR FRECKLES
Need Attention in March or Face
May Stay Covered.
Now is the time to take special
care of the complexion if you wish
to look well the rest of the year.
The March winds have a strong
tendency to bring out freckles that
may stay all summer unless re-
moved. Now is the time to use
Othine—double strength.
This preparation for the removal
of freckles is usually so successful
that it is sold by druggists under
guarantee to refund the money if it
fails. Get an ounce of Othine
double strength, and even a few ap-
plications should show a wonderful
improvement, some of the smaller
freckles even vanishing entirely.

**HARDING SCORES
GREAT VICTORY.**

**First Test of Real Strength
Ends Favorably.**

**Wins Senator Borah Over to
His Support.**

**Colombian Treaty Bogey is
Ended Forever.**

(BY CLARE AND ASSOCIATED PRESS.)
WASHINGTON, April 21.—President Harding has emerged from the first test of strength of his administration with flying colors and has disposed of one of the most difficult of his inheritances—the Colombian treaty—with a greater majority in its favor than even the most ardent sponsors of ratification dared to predict. The effect of this victory is far-reaching and gives the administration a send-off that presages well for the future.

It indicates that much can be accomplished and shows that with the large Republican majority in the Senate that the policies of the administration will prevail in spite of the small minority faction, which in the past has been able to block legislation because a handful of men held the balance of power. Another indication of the loss of prestige of La Follette and some of the obstreperous Senators is indicated in the vote confirming former Congressman Lee as an Interstate Commerce Commissioner.

COULDN'T BLOCK ACTION.
La Follette made a bitter fight against the measure which he had defeated for re-election to Congress in the Wisconsin battle for control. He held up confirmation in the first extra session of the Senate, but he was unable to block favorable action long in the present session. When the vote was counted he only had with him Watson of Georgia, and Trammell of Florida.

Another victory for the administration is the winning of Senator Borah to real support of the administration. He has been advised that the administration will ultimately support his program. In this case one of the mavericks of the Senate always opposed to the policies of the Executive has been rounded up and made a supporter of the administration.

All of which tends to show that the administration has won more than an ordinary victory in setting over at rest the publication of the copy. It has cleared the atmosphere and left the administration in a position to accomplish many other things on the program for getting back to normalcy outlined by President Harding in his first message to the Congress.

**MEMBER OF DIET BELIEVES WE

(BY CLARE AND ASSOCIATED PRESS.)
TOKYO, April 21.—Dr. Takeuchi Inukai, the idol of the Japanese masses and a member of the Diet since its institution, believes that the Philippines islands should be made independent. He asserts that no trouble need be felt regarding Japan as his nation has no territorial ambitions in the American islands. Dr. Inukai was formerly Minister of Education and is now the leader of the Kokumintō, or third party, in the Diet.

"I am not in the government nor am I a diplomat so I shall speak frankly, unimpaired of my words," he said. "The American people might be apprehensive as to the future of the islands after they have secured independence, but I firmly believe that there is no danger whatsoever from the outside world. Germany, which sometimes causes trouble in the Orient, no longer counts, consequently the powers interested in the Pacific consist of Great Britain, America and Japan. I can see no trouble to the Philippines from Great Britain, and as for Japan I can state definitely that she has no such territorial ambitions as are attributed by foreign countries, particularly America."

"It has been charged frequently that Japan is a militarist nation, but Japan's armament had resulted through wars with China, Russia and Germany, all of which were forced on her. But the moral of the World War has not been lost to the Japanese nation. Those acquainted with politics in Japan readily see that the militarists no longer sway the government nor dictate policies, either internal or external. The militarists have no influence in Japan, no matter what the reports may say. Japan is ruled today, not by army men in uniform, but by civilians assembled in the Imperial Diet."

CHICAGO, April 21.—The Railroad Labor Board, in a decision today, ruled that the receiver for the Atlantic, Birmingham and Atlanta Railroad, in reducing wages of its employees in compliance with a Federal court order, had acted in violation of the spirit and letter of the Transportation Act.

The board declared it was powerless to take action in the case at present, and suggested that the employees, most of whom are out on strike, again hold conferences with the owners, and if an agreement is not reached, bring the case back to the board. "The duty to obey a decision of this board is no less an obligation on the receivers of the road than on the owners of the road," the decision read.

GEORGE HARVEY**

**Vicious Attack in Senate on
New Ambassador.**

**Scored for Enmity Toward
Former President.**

**Reed Defends Appointment to
Court of St. James.**

(BY A. P. NIGHT WIRE.)
WASHINGTON, April 21.—The appointment of Col. George Harvey as Ambassador to Great Britain, confirmed by the Senate last week in executive session, was attacked and defended for four hours today in one of the most remarkable and unusual sittings witnessed in the Senate chamber.

Shortly after the Senate had convened at noon, Senator Harrison, Democrat, Mississippi, arose, said he had sought to consider the Harvey nomination in open session but had been blocked. He then launched into an extremely vehement attack on the new Ambassador and his appointment.

He described Mr. Harvey as a creator of prejudice and a stirrer of strife and as "a vindictive, self-anointed, intolerant political accident" and charged that the appointment would be regarded by "millions of patriotic Americans, regardless of party affiliation, as a crowning affront to the invalid who recently vacated the White House."

DEFENDS APPOINTMENT.
When Senator Harrison had concluded his attack, Senator Reed, Democrat, Missouri, started a reply in which he accused his colleague of seeking to embarrass the new Ambassador. He declared that Mr. Harvey was within his rights in appointing Mr. Reed and asserted Mr. Harrison "had burned the midnight oil to light his lamp at the fires of venom."

Opposition of Col. Harvey to the League of Nations was pointed out by Senator Reed, who taunted his colleague with declarations that the League issue had proved their undoing in the last election. When Senator Reed concluded, Senator Lodge declared that never in his memory had a man appointed to office been so attacked as Col. Harvey had been.

He deplored the attack as "a sorry bit of political tactics" and praised Col. Harvey as "an American through and through." **WIDE RANGE OF DISCUSSION.** Subjects brought into the discussion by Senators Harrison, Reed and Lodge ranged from publication during the last political campaign in Harvey's Weekly of the "Immortal Conception" cartoon, to the League and the break of 1917 between Col. Harvey and Woodrow Wilson.

Senator Heflin, Democrat, Alabama, eulogized Mr. Wilson, denounced the last political campaign and pointed out that Col. Harvey was a member of the League of Nations which scattered handclapping from the President's office. He said that the League of Nations would be cleared in event of another election.

HARRISON'S CHARGE.

Declaring that the country had a right to know about Col. Harvey's nomination, Senator Harrison declared that the man who had been called a "whole life has been one of inconsistency and vacillation," who "never remained true to any purpose, loyal to any friend or steadfast to any conviction," a "writer of the most cunning and dangerous specious and a past master in fomenting trouble and aggravating delicate situations."

He declared that for these reasons alone Col. Harvey was unfitted for "the hard and difficult task" devolving on the American representative at London. Then turning to Col. Harvey's attacks on President Wilson, Senator Harrison declared that "not content in heaping abuse on the President in health, he (Mr. Harvey) pursued him with his scurrilous attacks to the point of trying to create the impression that the President had lost his mind."

"MORON" IS—AND FEE

(EXCLUSIVE DISPATCH.)
CHICAGO, April 21.—Maybe Judge Joseph B. David of the Criminal Court now knows what a moron is—and then again maybe he doesn't.

Judge David in a number of recent trials and particularly during the murder trial of Carl Wanders, clashed with the alienists who testified both for the defense and the State. It was shown that the insanity experts received \$150 a day for their attendance in court. Today the court ordered four of the best-known experts to appear and tell him just what a moron is—and they had to do it for nothing. Here are two of the definitions handed to the court:

"A moron is a subnormal individual whose intellect falls into that binet rating of 7 to 12 years old and whose moral ability is not sufficient to conduct his own affairs."

Judge David expressed appreciation of the efforts of the alienists to enlighten him, but refused comment.

**RIGHT OF SOVIET TO SEIZE
COIN, SUBJECT OF TEST CASE
IN ENGLAND.**

(BY CLARE AND ASSOCIATED PRESS.)
LONDON, April 21.—The Times says that the Bank of England has received a parcel of Russian gold rubles that formerly belonged to the imperial bank in Petrograd. The ownership of the gold is now claimed by the Moscow soviet government, but is being made the subject of a test case in the courts to which the Bank of England is a party. The question is whether creditors of the Czar's government in Russia can seize gold brought here by the soviet government for purposes of trade under the commercial agreement recently concluded by the British and Russian governments.

Leonid Krasnin, the Bolshevik trade envoy, said recently that a number of contracts between British and Russian merchants were pending and could not be completed until the courts upheld the right of the soviet government to bring gold into England without its being attached.

The extradition petition is now in the Governor's office, but no action will be taken in the case until after a hearing, which will be held next Tuesday.

(EXCLUSIVE DISPATCH.)
STERLING (Ill.) April 21.—Hugh E. Paddock, former cashier of the Bank of Prophetstown, in one of the biggest grain centers in the State, has surrendered to Sheriff F. A. Whitner of Whiteside county. Two weeks ago Paddock and his father, George E. Paddock, former president of the bank, disappeared after they had been indicted by the grand jury on several charges of embezzlement. It is estimated that the bank lost \$150,000 when the bank failed last year.

NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE)

NEW YORK, April 21.—In its latest hour, when drives against leading stocks, oil and food specialties resulted in gross reactions of 10 to 15 points. Shorts covered extensively before the close, however. Studebaker's extreme advance of 14 points, most of which was retained, effecting marked improvement in the general list. Sales amounted to 700,000 shares.

Disparity between money rates on the stock exchange and the open market became more pronounced. On the board, call loans were at 8 1/2 per cent, but in private negotiations such loans were again made at 5 1/2 and 6 per cent.

Weakness of German marks ascribed to the Allies' demand for transfer of the Reichsbank's gold reserve, was the feature of the foreign exchange market, all other remittances, including sterling, reacting. Mixed conditions ruled in the bond market, Liberty issues showing a fair degree of steadiness, while domestic war and industrial, as well as international, mostly registered nominal reactions. Total sales (par value) \$5,875,000.

Another 24 Hours
Finds Up the Sale of
NATIONAL
SECURITY
Shares at 75 Cents

A short time, and your chance to get stock out of the
National Security Oil Company shares at
75 cents per share, \$1.00—will have passed. At 9
o'clock tomorrow, this allotment will either be sold out, or
remain on the market.

The company's operations are progressing in a manner
which gives present stockholders the utmost confidence that
the company will be able to pay the \$1.00 per share within
a reasonable time. The company's operations, through the bringing in of the Orange
Park well, now down around 1600 feet.

The fact is not all. In addition to this well, on the
company's 590-acre lease, preparations to drill on the 1920-
1921 lease in Fremont Valley are going right ahead. Within
a short time the National Security Oil Company will
be drilling wells, on two pieces of property which,
if successful, will result in enormous profits for everyone
interested in the company.

No More 75-Cent Shares
After Tomorrow at 9 P.M.

The sale of this allotment shows that the public's interest
in National Security Oil Company is growing. People have come
to the sale in the advice of our expert, William E. Stephens,
and selected our leases. And indications point to a
renewed interest—the same as happened with two previous al-
lotments.

At the time, however, of first come, first served. Mail or
other means not later than midnight, April 23rd; will be ac-
cepted at the 75-cent price. I advise your sending in your order
in that way you will be sure of getting the number of
shares you want.

The People and Their Daily Troubles

DOROTHY DIX TALKS

REMORSE.

BY DOROTHY DIX.

A woman writes me:
"I am suffering the torments of the damned because I feel that I virtually murdered my husband whom I dearly loved. He was of a delicate and sensitive disposition, and I know that I hastened his death by my exactions, and selfishness, and bad temper. What shall I do to find peace?"

The best remedy for remorse is atonement. Of course we can do nothing to make up to the dead for the injury we have done them, but we have the living with us, and we can pay our debts to those who have passed beyond our reach by making life easier and pleasanter to those about us.

Perhaps there are very few men and women who ever bend above the coffin of their wives and husbands without being torn by the pangs of conscience. They may not have sinned the big sin, but they have been guilty of the little ones that made the road that might so easily have been made, soft and pleasant, so hard to travel.

Who, at such a time, has not looked at the shut eyes and remembered how little gladness he or she has brought into them, and how often a stalling speech has filled them with tears? Who has not looked at the pale lips, narrowed into the straight line of death, and wished that he or she had kissed them into smiles of life? Who has not gazed upon the folded hands, and wept to think how much need-labor he or she had imposed upon them?

It is proverbial that second marriages are almost always happier than first; that there are no husband spoilers like widows who re-marry; and that the man who has been harsh and nagged, and strident to his first wife, is lavish to his second wife and putty in her hands.

It would amaze these No. 2 husbands and wives to know that they are reaping the fruits of remorse, and that a conscience-stricken woman or man is trying to square herself or himself with the dead, but such is often the case.

When we do wrong, it is just that we should suffer for it, and whole-some to the soul for us to clothe ourselves in sackcloth and put ashes on our heads, but repentance is a virtue only so far as it makes us do better.

All beyond this is sheer morbidity. After all, what is done, is done. That cannot be changed, and to spend one's life deploring a sin, or regretting a mistake, or wishing that one had acted differently is a wickedly futile employment.

Women are particularly given to this vice. They crucify themselves on the cross of their imagination and blame themselves for things that have no existence outside of their fancies. "If I had gone to this doctor or that; if I had taken my husband to Colorado or Maine; if I had had him operated on, or hadn't let the doctors persuade me to have him operated on, perhaps he would not have died." "If I had been drier with my children, instead of being so devoted to them; if I had been more loving instead of trying to discipline my children,

how to do her work better. That is why the mother of unruly children cries over them instead of spanking them.

Tears are the high-water-mark of incompetency and futility, unless they wash one's eyes clear and give one the straight vision. Repentance is weakness unless it leads to reform.

Instead of spending your time in being sorry for what you have done, use it in planning to do better.

LETTERS TO "THE TIMES."

Proving Their Point.

COUNTY JAIL, Los Angeles, April 18.—[To the Editor of The Times:] On the 15th of this month the Examiner, in referring to the visit of the Municipal League to the jail with questionnaires which they distributed relative to the preference of prisoners working on a farm before and after trial instead of being kept for months in this vermin-infested jail, stated that while in some cases the committee was received respectfully, many of the prisoners hurled insulting epithets and profane invectives at its members.

As this was a deliberate lie, we wrote to the secretary of the Municipal League and appealed to him to refute the Examiner's statements, which were written to influence the public against the prisoners, many of whom have not yet been given the opportunity to answer or prove their innocence.

Believing that your newspaper believes in fair play (the Examiner doesn't know the meaning of this word), we include herewith a reply from the Municipal League and beg to draw attention to the secretary's paragraph at the top. As he states, the committee was received in every instance respectfully and gratefully. We shall be glad if you can find space to print this, if only to show up the Examiner for the contemptible, lying rag that it is.

Should you decide to publish this we desire to remain simply.

FOUR PRISONERS.

[Editorial note:—Over the signature of Anthony Pratt, secretary of the Municipal League, appears the following at the top of the league's report on the questionnaire:

"The Examiner to the contrary notwithstanding, the prisoners met the committee as men meet men—respectfully and considerately—not an 'insulting epithet' or 'profane invective' was heard by any member of the committee which presented the questionnaire."]

Announce Their Plans.

COVINA, April 20.—[To the Editor of The Times:] More than 500,000 earnest women in the United States, members of the W.C.T.U., thoroughly well organized, have first, as their very definite and immediate purpose, the strengthening of this enforcement of the Eighteenth Amendment.

Their second purpose is to continue their well-established system to teach the value of temperance (in its highest sense) to all life. While nothing new, public attention has been called to recent activities for child welfare, Americanization, social morality, women in industry, health, Sabbath observance and legislation, and the impression gained that many of these efforts are new and but "just sprung upon an unsuspecting public."

The Women's Christian Temperance Union is a world-wide organization of Christian women banded together for the protection of the

GASOLINE ALLEY—BILL'S IS A SUPERMAN TOP

home, first of all (surely a most laudable aim) the complete abolition of the liquor traffic and the final triumph of the golden rule in custom and in law.

Probably the most far-reaching accomplishment of this organization was to secure compulsory scientific temperance instruction laws in every State and Territory in the United States. Boys and girls so trained have been the voters who have placed the Eighteenth Amendment in the Federal Constitution.

And so "the man on the street" can see no earthly excuse for the W.C.T.U. Possibly not, but many thousands of women and little children have appreciated the heavenly results of the work accomplished. And, "what are they doing now, anyway?" Please let me inform you. They are steadily making good on one of the most colossal tasks ever undertaken in the history of social reform. Ask the ex-saloonkeeper!

They are constantly building up and protecting the homes of the nation. Ask the social reformer!

They are uniting the women of all creeds in the common social tasks which are the concern of all. Ask the social service leader!

They are securing better conditions in shops and stores for women in industry. Ask the worker!

They are everywhere insisting upon the fairness of a "white life for two." Ask anybody who believes in a square deal!

They are effectively working a broad-shouldered campaign of social reform which must sooner or later affect the whole life of all the people for all time. Ask the thoughtful statesman—not the politician! May I sign myself as a perfectly amiable, thoroughly "well-intentioned" member of the W.C.T.U., one of about 13,000 in this State and "publicity director of Southern California."

MRS. MARY M. COMAN.

Involve the Law. SANTA BARBARA, April 19.—[To the Editor of The Times:] I have no doubt you have seen the article in today's Examiner, and cartoon, The Modern Nero, which I beg to inclose.

It seems to me that every decent-minded editor in the United States should initiate a campaign for the suppression and incarceration of William Randolph Hearst, for the remainder of his life. The insidious style of his editorials and paragraphs is responsible for much of the bad feeling existing against European nations; he is, or tries to be, a menace to the peace of the world, and an instance being his constant editorial terminating with the words that the American Navy was large enough to "sink" the Japanese Navy in the Pacific, the British Navy in the Atlantic, the same time.

His one-sidedness is sufficient ground for his incarceration in jail, where he belongs, and have served his term for the same time.

L. B. HARRIS.

Most of the trouble in the world is caused by two things: the clever and the stupid. Transcript.

to the peach of the world, and an instance being his constant editorial terminating with the words that the American Navy was large enough to "sink" the Japanese Navy in the Pacific, the British Navy in the Atlantic, the same time.

wilson & Co. introduce Certified Oleomargarine to Southern California

To insure and protect the public in the high quality standards of Certified Oleomargarine, Wilson & Co. have erected a new additional plant—the most modern of its kind—at 1000 Lyon Street, Los Angeles, devoted exclusively to the making of this product.

In this five-story, sun-flooded building—a model of cleanliness and manufacturing efficiency—is a thoroughly equipped laboratory in which all materials entering into the production of Wilson's Certified Oleomargarine are first tested for purity and quality.

Certified Oleomargarine is made fresh every day and delivered directly to your grocer by Wilson & Co. auto trucks. It would be well worth your while to visit this new plant and see for yourself how completely "the Wilson label protects your table."

Certified Oleomargarine is not a substitute but a food, serving positive, wholesome, economical needs in every home. It has a distinctive, appealing flavor, a fine, firm texture. It is double-wrapped and further protected by packing in paraffine-coated cartons. From beginning to end not a human hand touches Certified Oleomargarine.

The Wilson guarantee goes beyond mere satisfaction. It says—and it means—that if this product is not the best you ever used your money will be returned. The quality of Certified Oleomargarine justifies this far-reaching pledge. Your grocer has Wilson's Certified Oleomargarine or can easily get it for you.

CUDAHY SERVICE
ARRANGED FOR.

Funeral for Packer's Son to be Held Tomorrow.

Sister Refuses to Discuss Telegram or Loan.

Widow of Sportsman Still Prostrated by Shock.

While Mrs. Cudahy remained confined to her home and refused to make any comment upon the suicide on Wednesday of the supposed wealthy husband, John F. Cudahy, the latter's sister, Miss Clara Cudahy, who arrived via motor from Santa Barbara early yesterday morning, yesterday afternoon made tentative arrangements for her brother's funeral.

The funeral services will be conducted privately tomorrow morning at the Holy Sacrament Church in Hollywood. Monsignor Harnett will officiate. The body will be placed in a receiving vault at the Calvary Cemetery, where it will remain until definite arrangements have been made by the family for its shipment East. This afternoon the body will be removed from the Gates, Crane & Earl establishment to the Cudahy home, where it will remain until the time of the funeral tomorrow morning.

Little further information on the circumstances surrounding the suicide of the son of the famous meat packer of Chicago was offered yesterday by any of the Cudahy family at their home at 7389 Hollywood Boulevard. Friends of the family who visited at the home during the day declared that Mrs. Cudahy was still in a distraught condition and unable to speak to or see anyone other than her most intimate friends.

Miss Clara Cudahy, in company with Mrs. Elizabeth Nelson, also a sister of "Jack" Cudahy, went immediately to the Cudahy home early yesterday morning and remained the greater part of the day with Mrs. Cudahy. Miss Cudahy refused to discuss her brother's affairs or the telegram which she sent to him shortly before his death in regard to the \$10,000 loan, failure to secure which is believed to have been partly responsible for the sportsman's last fatal decision.

ORPHEUM MAN MAKES PLEA FOR VETERANS.

SEVENTY THOUSAND HEROES OF WAR LACK MEANS OF SUPPORT.

A strong appeal for aid of unemployed ex-service men in Los Angeles was made by Will M. Cressy at the Los Angeles Optimists' Club luncheon yesterday at Paulina's. As a result it was decided that at the next meeting, Thursday, the club members will bring clothing and shoes they can spare, which will be distributed to the more needy. In addition, the members pledged to arrange for theater entertainment of the soldier and sailor invalids at Sawtelle.

Mr. Cressy, who is of the Orpheum Circuit, recently has completed a personal national survey of conditions. He says there are 70,000 service men in the country who have no means of support, and that a large proportion of them are in this vicinity. He said one man had been compelled to sleep many nights on the floor of the Salvation Army Home here. The effect of Washington red tape was described in the case of a man who had served in the Boer and Spanish War campaigns, and, having received many wounds, had a pension. He enlisted in the World War, was discharged as physically fit, and because of that he was refused continuation of his pension. Mr. Cressy urged a more thorough co-operation between organizations here in relieving conditions.

Another speaker was Dr. Carol Aronovitch, city planning expert. He recommended improvement in the passenger station approaches to the city.

OBJECTS TO FLORENCE DISTRICT ADMISSION.

WOULD WORK HARDSHIP UPON OTHER SCHOOLS, SAYS EDUCATION BOARD.

The Board of Education will enter strong protest against the admission of the Florence School District into the Los Angeles school district, it developed yesterday at a meeting of the board, where the subject was discussed. The action was decided upon after a careful survey of the financial condition of the city schools.

Since the voters of Los Angeles approved a \$9,000,000 school bond issue, many districts now outside the city have endeavored to get in and share the bond money. It is asserted that the applicants are so numerous that the financial safety of the schools is jeopardized.

At the meeting it was also decided to enter a denial of reports that the school board plans to purchase the University of California, Southern Branch, from the State.

A marked increase in the budget for the coming year was announced yesterday, when the auditor and secretary submitted their annual estimate. There will be an ordinary increase, due to the greater size of the school system, but a very substantial sum will be added because of the rise in the cost of power and water and in rents.

COLD, SO SHE LEFT.

Husband Denies Wife's Charge He Was Not Responsive.

Mrs. Alta Holtz wrote her husband, Max Holtz, a letter in which she discussed a domestic matter and declared she would not live with him again. Yesterday she was in Judge Walton J. Wood's court asking a divorce. Mr. Holtz contested the action, and in a cross-complaint charged his young wife with deserting him. The court took the case under submission.

Mr. Holtz's chief complaint against her husband was that he was not responsive in his love. He denies that he was cold.

Where Skill, Sympathy and Art
Are Employed in Framing Pictures

—Barker Bros.
Art and Gift Section

Picture-framing is an art in which Barker Bros. are especially adept.

Whether it's framing new prints or re-framing old ones, you may be sure that the frame will be the one which best sets off the beauties of the picture, if the work is done at Barker Bros.

Old frames, too, may be re-gilded and restored to their original freshness.

Prized old prints which time has faded may be re-touched.

Rare old mirrors may here be re-framed, re-silvered, or re-cut.

Lamp-shades which show the ravages of time and use are here renewed.

There is a certain exhilaration, especially in keeping with Springtime, about freshening the home's furnishings; but, to be sure of having it done correctly, the safe plan is to bring your precious possessions to Barker Bros.

Our complete line of Lamps, Pottery, Pictures and Objects of Art comprises many things which will add sparkle to your home.

A Danger Signal—
Tender and Bleeding
Gums

Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhea are dangerously diseased. For not only the teeth are affected, but Pyorrhea germs seep into the body, lower its vitality and cause many ills.

Pyorrhea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them.

MORNING.

NEVER TOO OLD, SAYS VENETIAN.

VENICE, April 21.—(Herald.)—He could not go to school as much as he wanted to when he was young, John Jackman, who is 43 years of age, has entered the night school sessions of Venice High School.

Jackman declares, does not give men and women the right to an interest in life. He has not been to school for twenty years. He is speaking in Spanish, which language, he declares, should be at least slightly known by everyone in this state, who is so near to Mexico and her troubles.

LOS ANGELES, CAL.
Los Angeles Times.

Gentlemen:
Referring to your slogan "Straight Ahead," I find there is biblical authority for it.

The wisest man who lived in the ancient days, Solomon, wrote:

"25. Let thine eyes look right on.

And let thine eyelids look straight before thee.

"26. Make level the path of thy feet.

And let all thy ways be established."

"27. Turn not to the right hand nor to the left: Remove thy feet from evil."

Proverbs iv. 27-29.

Wishing the campaign success, I am

Yours Respectfully,

WILLIAM HAZLETT.

than \$50,000. Her husband, William Matthews, a business man and a theater manager, was taken into custody by the police following the arrest of the woman.

During the investigation that was made following the arrest of Mrs. Matthews at that time police learned that she had been in Los Angeles for several years. She was charged with having picked the pockets of many women. Almost all of the loot was declared to have been found packed away in Mrs. Matthews' trunk in the garage of her home. A five-ton truck was used by the police to remove the trunk to Central Police Station.

Mrs. Matthews, who retained Attorney Frank Dominguez to defend her, was charged at that time under twelve different counts with picking pockets and with grand larceny and was released under \$25,000 bail. She will appear for trial in Department Fifteen of Superior Court on May 21.

TO GRADUATE NURSES

ON NIGHTINGALE DAY.

FOUR HOSPITALS HERE WILL JOIN NATIONAL PLANS FOR OBSERVANCE.

Preliminary arrangements were announced yesterday for the celebration in Los Angeles of the first national hospital day, May 12. There will be joint commencement exercises of the nurses' schools of Los Angeles, Pacific, Angell and Clara Barton hospitals, in Trinity Auditorium, on the night of the 12th. There will be from eighty-five to ninety graduates.

Hospital day, initiated by Hospital Management, a magazine, is for the purpose of informing the public of the work hospitals are doing and its usefulness in each community. There will be no appeals for funds. Norman R. Martin, superintendent of the Los Angeles County Hospital, is a member of the National Hospital Day Committee. A local committee will be formed soon.

May 12 is the anniversary of the birth of Florence Nightingale, the Englishwoman who, in the Crimean War, laid the foundation for professional nursing.

Avers Another

"Harbors" Wife;

Demands Balm.

J. W. Reidy is charged in a \$50,000 love suit, filed yesterday by Thomas J. Duff, with having persuaded the latter's wife, Mrs. Charlotte N. Duff, to leave her home. The complaint states that Mrs. Duff is being harbored at the residence of Mr. Reidy at 855 North Mentor avenue, Pasadena. The suit was filed through Attorney F. C. Dunham.

The Duffs were married Aug. 8, 1911, and have three children, ranging from 7 to 2 years in age. The complaint states that the couple were living happily together until the defendant practiced his purported blandishments.

BURNED BY EXPLOSION.

Photographic Studio Worker Foregoes to Turn Off Gas in Dryer.

Miss Marie Hardwick, 23 years of age, of 822 Carter street, was burned on the neck, chest and arms yesterday when her clothing was ignited by exploding gas in a photographic studio at Third and Spring streets. Dashing from the studio with her clothing burning, Miss Hardwick was caught in the hallway of the building by Mrs. R. J. Berchett, a fellow-worker, and wrapped in a blanket. She was then removed to the Receiving Hospital. According to Miss Hardwick, the explosion was caused by gas escaping from a dryer, which she had failed to turn off.

HELD AS EMBEZZLER.

Ascertained Pecuniaries of Ex-Union Official Told in Court.

How George A. Twitchell, former financial secretary of Local Union No. 411, Brotherhood of Painters, Decorators and Paperhangers, is said to have appropriated initiation fees of \$30 each for new members of the union, was told yesterday in Justice Hinson's court. Twitchell was charged that after the district council had checked over the amounts, they were returned to Twitchell and that he appropriated about \$1460 in that manner. He was held to answer on a charge of embezzlement. Dep. Dist. Atty. Burke conducted the prosecution.

CITY PLANNING DELEGATE.

By a unanimous vote of the City Council yesterday, G. Gordon Whitnall, secretary of the City Planning Commission, was designated to represent this city at the National City Planning Commission conference in Pittsburgh, to be held May 1 to 11. An appropriation of \$450 was voted for the expense of the trip.

BY VIRGINIA WOODS.

Interests Many.
Announcement of the betrothal of Miss Virginia Humason of this city and William Sumner of Rotterdam, Holland, which was made known yesterday by the bride-elect's parents, Mr. and Mrs. William Grant Humason, is of much interest here, where her family is one of the oldest and most prominent in the city, and in Rotterdam, where his father, Mr. Sumner, is an important figure, socially, financially and politically. No date has been set for the marriage.

The news of the betrothal reveals a pretty romance of four years. Mr. Sumner was then touring the United States with college friends and met his bride-to-be through a letter of introduction from a mutual friend. He returned to Holland and graduated from the University of Leyden and then came back to California to work at close range the pretty Los Angeles girl.

Miss Humason is a graduate of the Westlake School for Girls, and traveled two years abroad with her aunt, Mrs. Henry Clayton Witmer. In honor of the couple, Mrs. Witmer gave a dinner party of elaborate appointments at her home, 1423 West Third street. Her guests were Messrs. and Mrs. W. G. Humason, Milton Humason, William Robinson, Miss Douglas, Chester Faraday, David Witmer, W. B. Witmer, Ralph Davis, Samuel B. Storow, Charles Storow, Grove C. Fluke, Harry Colyer, Loyall Watson, C. A. Fultz, Percy Evans, Frank Collier, Heathcote Walker, Miss M. A. Lewis, J. M. Witmer, M. O. Williams, Miss Victoria Witmer, Miss Mary Witmer, Messrs. Hamline Wilcox and William Robinson.

For Two Matrons.
Mrs. C. Q. Stanton, who has just returned from Mexico City, and Mrs. Cummings Jones, who has just arrived from Washington, D. C., where she spent the winter, are to share honors at a luncheon at which Mrs. Albert Miller Stephens, of Kingsley Drive is to entertain on Friday, April 23.

At Dinner Supper.
Mr. and Mrs. Frederick Klump, who have sold their home in Hollywood, are entertaining a company of twelve at a buffet supper party tomorrow evening.

By Mrs. Singer.
Mrs. Horton Singer of Oak Knoll is to preside at a bridge luncheon on Tuesday, and has asked twelve guests.

At Bridge Luncheon.
Mrs. Trowbridge Hendrick, who has recently come here from the East to reside, is to give a bridge luncheon next Wednesday.

At Bridge Party.
Mr. and Mrs. Francis Day gave a very enjoyable bridge party at the Hensley Arms, Wednesday evening. They are soon to return to their home in New York.

Leaving for England.
Mrs. Thomas Edward Harding and young daughter, Miss Patricia Harding, of Pasadena, are leaving for New York this morning for a short visit, before sailing for Europe. They plan to make their home in London.

Leaving for Orient.
Sydney Francis Hoban, well-known interpreter of grand opera, who has just returned from a tour of Europe and Canada, is leaving Tuesday for San Francisco, where he is to give several recitals before sailing the first of June for China and Japan for an extended tour.

For New York Matron.
In honor of her mother, Mrs. E. B. Beattie of Ridgeview, N. J., Mrs. Percy Heath gave a luncheon yesterday. Her table was centered with a basket of pink tulips and some plates were set for Misses Frederick J. Hastings of Washington, D. C., Alice Reinhold of New York, Louis Bishop of New Haven, Ct., William B. Yakey, William Hayward, Wellington Wales, William White, Mabel Foster, S. Masters and Miss Ann Stephens.

Engagement Announced.
Mr. and Mrs. Godfrey T. Stamm announced the engagement of their niece, Miss Florence Louise Sheffield, to Charles Cole Henry.

Revealed at Luncheon.
Mrs. Thomas McFarland Simpson announced the engagement of her daughter, Miss Helen Odell Simpson, to Lieut. Harry Forrest Collier at a beautifully arranged luncheon at the Ambassador yesterday. Lieut. Collier is with the Air Service. Plates for sixteen were set at a table beautifully adorned with sprays of spring blossoms in pastel shades. The wedding is to be an event of June.

Here from Bay City.
Mrs. Edward B. Cox, wife of Dr. Cox of San Francisco, and her baby daughter, Dorothy Lucile Cox, are here visiting Mrs. Cox's mother, Mrs. W. H. Savage, of 264 Third avenue. Mrs. Cox before her marriage was Miss Ruth Savage. She is being much entertained. Savage is to entertain a group of twenty-five girls and young matrons at a bridge luncheon tomorrow for Mrs. Cox. Mrs. Lawrence Cline gave a luncheon for her on Wednesday.

For Bridge Tea.
Complimenting Miss Martha Greeley of San Francisco, Miss Ruth Cline is to give a bridge tea at the Wilshire Country Club this afternoon.

To Entertain at Tea.
Three matrons, Mrs. D. E. Hartwell, Mrs. M. H. Wells and Mrs. Frederic Blanchard, are to entertain at a tea next Thursday at the Blanchard-Cahuenga Pass home in Hollywood.

For Architects and Builders.
Manufacturers of building materials will give a dinner at 6 p.m. today in the rooms of the Metropolitan Exhibit, Metropolitan Building, for architects and builders. About 250 persons will be present. The arrangements are in charge of Miss M. L. Smith of the Metropolitan Exhibit. Walter Simons will be chairman.

FOR SEASONABLE COOKERY.

ASPARAGUS VARIATIONS.

BY ELMA IONA LOCKE.
This delicious and wholesome vegetable may be served in a great variety of ways, ranging all the way from soup to salad, and is always acceptable. It is now plentiful in the market.

Asparagus Soup.
Take a large bunch of asparagus, cut off the tips and cook them in a separate dish or tie in a piece of cheesecloth and cook in the same kettle with the stalks. When the stalks are quite tender mash them and rub through a sieve, return the pulp to the water in which they were cooked, add the tips and hot milk to make the desired amount of soup (or water may be used with a tablespoonful or two of flour mixed smooth with a little cold milk or water. Let boil until the flour is well cooked).

Asparagus, Short-cake.
A new way to serve asparagus is to bake some large baking powder biscuits, split while hot, and butter; then have prepared the asparagus, the tender part only, cut fine and boiled in as little water as possible.

Fashion Forecast
No. 2,958—Lady's Circular Skirt.
Since the circular skirt is sponsored for spring, the smart woman should include at least one in her wardrobe. The style shown is particularly good, for it is made in one piece and has the modified flare. The skirt is shown in size 28 to 32 waist. Size 28 requires 3 1/2 yards, 36-inch material. Price 15 cents.

per, and pour over the asparagus

and egg, sprinkle one-half cupful of fine bread crumbs and a little grated cheese over the top and bake in a hot oven for ten minutes.

Cream of Asparagus.
Boil the asparagus until soft in salted water, rub through a sieve and return to the water in which it was boiled. Thicken with a spoonful of flour rubbed smooth with one of butter, season to taste and let boil until the flour is well cooked, add half a cupful of sweet cream and serve at once.

Asparagus Salad.
Scoop out the centers of small round boiled beets, fill the cups with cooked asparagus, and pour over a spoonful of mayonnaise on top.

Asparagus Omelet.
A nice way to use up left-over boiled asparagus is to serve it in an omelet for breakfast. Beat four eggs until very light, add two table-spoonfuls of sweet cream, salt and pepper to season, and the asparagus chopped fine. Pour into a frying pan containing a spoonful of hot butter, shake over a hot fire until the eggs are cooked, fold one-half over the other, slip onto a hot plate and serve at once.

Asparagus Fudding.
Boil two bunches of asparagus and chop fine. Beat well four or five eggs, according to size, add two tablespoonfuls of soft butter, three of flour, a pinch of soda dissolved in one cupful of sweet milk, pepper and salt to taste, and lastly, the chopped asparagus. Put into a buttered mold with a lid and boil for two hours. When done turn out on a dish and pour melted butter over it.

Asparagus Rolls.
Slice off the tops from stale light rolls, dig out the soft centers and, put the crusts with the tops in the oven until crisp. Put a pint of milk over the fire in a sauce pan, rub two tablespoonfuls of butter into one of flour, and add to the boiling milk, with salt and pepper to season. When well cooked add the well-beaten yolks of four eggs and three bunches of boiled asparagus chopped fine, stir until well heated, then fill the hot roll crusts with the mixture, cover with the tops, and serve very hot. Cold biscuits may be used in the same way, or thick slices of stale bread.

Asparagus on Toast.
Cut tender stalks four or five inches in length and boil in salted water until done. Have ready some slices of nicely browned toast, dip them in the asparagus water, and butter while hot. Lay the slices on hot plates and arrange the asparagus stalks on them. Or the asparagus may be cut in small pieces, as for creamed asparagus, and poured over the toast.

Asparagus Loaf.
Sift two tablespoonfuls of flour into two of hot butter until smooth, add one-half teaspoonful of salt and a dash of pepper and, gradually, one cupful of cream. Boiling add one cupful of chopped boiled asparagus and four well-beaten eggs. Turn carefully into a buttered loaf pan, bowl that has been lined with asparagus tips (boiled), set the bowl in a dish of hot water and cook in the oven until the center is firm. Then let stand a few minutes, and invert onto a shallow dish. Serve with butter sauce.

Asparagus Rissoles.
Make a rich pie crust and roll out thin, cut in squares with a sharp knife, on each square place a spoonful of cooked asparagus cut fine and mixed with a thick cream sauce, sprinkle with salt, paprika and a little minced parsley, fold over with opposite corners together, make a triangle, and crimp the edges together with a fork. When all are done, place them on ice for an hour, then fry them in hot cooking oil until a golden brown, drain well and serve on a hot platter, garnished with thin slices of lemon and crisp parsley.

Asparagus Fritters.
Make a batter with two eggs, one cupful of flour, one teaspoonful of baking powder, one-half teaspoonful of salt and sweet milk to make a drop batter. Add cold boiled asparagus cut fine and drop in spoonfuls into boiling hot cooking oil. Or the stalks or asparagus may be dipped in the batter and fried. Serve hot.

Baked Asparagus.
Cut the asparagus small and boil in a small amount of salted water until tender, drain and cut fine, then take an equal amount of bread crumbs, place in alternate layers in a buttered baking dish, season each layer with salt, pepper and bits of butter, and pour over all one cupful of milk or milk and water in which the asparagus was cooked. If it has boiled down to a small quantity, bake in a moderate oven for twenty minutes and serve hot.

Asparagus with Cheese.
Boil the asparagus, drain and cut small. Place a layer in a buttered baking dish, add a layer of grated cheese and another of the asparagus, cover with a layer of bread crumbs, grate cheese over the top and bake in a hot oven for ten minutes.

Escalloped Asparagus.
Boil the asparagus in salted water until tender, drain and cut fine, then fill a baking dish with alternate layers of the asparagus and hard-boiled eggs chopped fine, having the top layer of asparagus. Stir two tablespoonfuls of flour into two of hot butter until smooth, and gradually add one pint of milk, stirring until it boils. Season with salt and pre-

OUTING FOR EDITORS.

Glenn Ranch is to be Turned Over to Southland Body for Two Days.

A two-day outing at Glenn Ranch for members of the Southern California Editorial Association has been arranged by Seymour Tully, manager of the resort, for Sunday and Monday, May 1 and 2. President John E. King of the association announced yesterday in a communication to the editors. Automobiles will be stationed at Rialto on May 1 to meet members who arrive there at 3:11 p.m. on the Pacific Electric cars.

Those who expect to accept the invitation of Mr. Tully are requested to notify President King at Hemet. The wives and children or sweethearts of the editors are included in the invitation. Mr. Tully adds that the editors may leave their pocketbooks at home, as there will be nothing for them to spend money at the ranch.

WOULD SAVE PARK BEAUTY.

(Continued from First Page.)
Ideals may be made practical. Religion is the highest ideal of all. It also is practical. No action was taken on the motion.

CENSORSHIP URGED.
Another resolution presented by Margaret I. Manlove of the Santa Barbara Club was to the effect that since many of the motion pictures shown to our young people are destroying their purity, the Federation should help censor the films before they are shown. Dr. Lulu Peters of the Professional Woman's Club spoke with feeling of the degeneracy in morals of youth she had noted in her social service work, traced, she said, directly to pictures.

Action was also taken to send telegrams to California State Senators urging the passage of Assembly Bill 1295, which provides that the State shall furnish teachers for the children of migratory laborers. Mrs. S. L. Wiley, prominent club woman in the San Joaquin Valley, past officer of the State Federation, there was Fresno, spoke to the motion, telling of the condition and needs of the children of those who came to work in the fruit crops in the San Joaquin Valley. As the bill passed the Assembly Wednesday telegrams were sent yesterday to the Senate, before which the bill will be brought next week.

WILL FIGHT CRIME.
Upon the motion of Mrs. Charles H. Toll, president of the Los Angeles Federation, the Los Angeles Federation of Women's Clubs passed unanimously a motion that the Federation should do all in its power to help defeat the Walsh bill in Congress, which is a proposition to use the water power in Yellowstone Park by Montana corporations. Such use, Mrs. Wilmet declared, would spoil the scenic beauty of the national park, not only for this generation, but for generations to come. The power, she stated, can be used to as great advantage after the water leaves the park. A telegram was sent to Congress urging the defeat of the bill.

FRUIT MEN WILL FIGHT FREIGHTS

Radical Changes Are Sought in Transportation Act.

Vegetable Growers Lined Up for Better Rates.

Six Per Cent Rail Earnings Called Iniquitous.

Announcement was made yesterday that the citrus, vegetable, apple and deciduous fruit interests on the Pacific Coast will concentrate in a fight to obtain radical changes in the Transportation Act of 1920. C. C. Teague, president of the California Fruit Growers' Exchange, stated that the act is the most vicious Federal statute ever enacted, and that it has caused the heavy tonnage producing industries of the West to be on the verge of ruin.

The disputed act authorizes the Interstate Commerce Commission to establish railroad rates, which shall earn 6 per cent on the combined railroad properties of the United States.

Mr. Teague says that by this act the Interstate Commerce Commission is charged with fixing rates on the shippers of the United States which will produce an earning on the millions of dollars of worthless property—railroads which, he asserts, should never have been built, but which have been kept up through the 6 per cent they obtain on their holdings.

ROADS POOLED.

"This iniquitous transportation act pools all these worthless railroads," he stated, "with the good roads of the country, and decrees that the shippers must pay freight rates that will produce 6 per cent earnings power on this combined capital."

"In an attempt to produce these earnings rates while the government controlled the roads," he continues, "the freight rates were increased 25 per cent in 1918 and 31-3 per cent in 1920. This resulted in the decline in many types of shipping, and makes the whole scheme an absolute failure, from both the standpoint of the railroads and the shippers."

"Tonnage on the railroads has fallen off to such a degree that they are not doing business enough to produce the 6 per cent earning. Industry in many places is paralyzed due to traffic rates."

EFFECT DISASTROUS.

"The effect of these increased rates is especially disastrous to the green fruit and vegetable business on the Pacific Coast. A business has been imposed upon the growers that is almost more than they can bear."

"The cost of a lemon producer growing 400 packed boxes of lemons to the acre has increased \$240.22, or the equivalent of a 2 per cent mortgage on more than \$1400 per acre. The rate on oranges is higher, amounting to an increase of \$185.82 per acre, or the equivalent of a 2 per cent mortgage of \$4083.14 per acre."

"The traffic managers and officials of the railroads agree with the growers as to the seriousness of the situation, but the Transportation Freight Bureau declines to reduce the rates."

Mr. Teague declares that the growers will ship by water to the limit of production if the freight rates are not reduced.

Sludge Scheme Given Approval by Farm Bureau.

The board of directors of the County Farm Bureau at their monthly meeting yesterday went on record as endorsing the recommendations of the city's special sewage commission for an activated sludge sewage plant capable of reclaiming 2,000,000 gallons of water daily for irrigation purposes from the sewage of Los Angeles.

It was pointed out that such a project would be only the beginning of a system whereby water for the irrigation of more than 20,000 acres in the Gardena-Inglewood district would be supplied from what is now known as raw waste. The plan of taking large quantities of fertilizer from the same source was also discussed and approved.

Robert H. Neely, secretary, presided at the meeting, and W. R. Spoonover of Alhambra, chairman of the committee on sewage disposal, presented the report of the committee.

Hydroelectric Power is Called Enduring Asset.

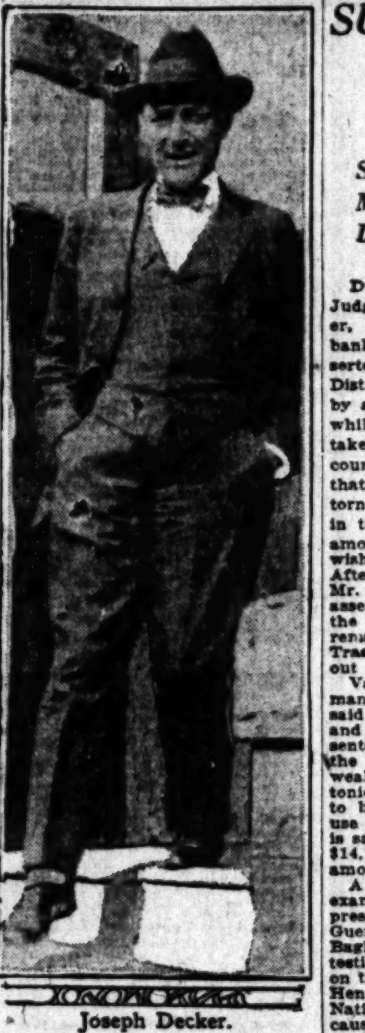

Declaring that California's greatest asset lies in the potential power, which may be developed from our mountain streams, E. M. Kennedy, vice-president of the Southern California Edison Company, last night addressed a meeting of officers and employees of the Guaranty Trust and Savings Bank. Mr. Kennedy took as his subject: "Hydroelectric Development of California."

"Without enormous hydroelectric development, Southern California cannot become the manufacturing and agricultural center for which it should be destined, because of its favorable situation with respect to the world's most abundant and so-called motive force for industrial and agricultural purposes and for commercial and domestic use."

"Other sources of power are becoming exhausted, but as long as nature functions and the snows fall, hydroelectric power will be available for the service of mankind."

ATTORNEY BANKRUPT.

F. A. McDonald, an attorney of this city, filed a petition in bankruptcy in the United States District Court yesterday. He schedules his debts as \$14,972.31, consisting for the most part of money judgments in the Superior and Justice courts. His assets are estimated at \$25,550. Of the latter, \$21,450 is listed value of shares of capital stock of the United Mining and Exploration Company, Idylwild Mountain Resort Company, Nevada Manhattan Mining and Exploration Company and Silver Peak Mining and Leasing Company, and \$4100, the estimated value of promissory notes. With the exception of this mining stock and notes, the assets are almost nil.

Joseph Decker.

CHARGE MOTHER WITH TRUNK CASE MURDER.

Erle Mullikane, who is said to have admitted that she strangled her unnamed girl baby on February 13, causing its death, was charged with murder in a complaint issued yesterday by Dep. Dist. Atty. Becker. Detective Sergeant Hamilton was the complaining witness. Mr. Becker stated that he felt it was an unfortunate circumstance, but as the young woman admitted that she caused the child's death, there was no other way than to issue the complaint. She will be arraigned in Justice Court today.

ELOPEMENT SEQUEL.

Girl Wedded to Save Man She Loved; Is Granted Divorce.

Edith Schlosner Seale was granted a divorce from William H. Seale in Judge Summerfield's court yesterday. The divorce is an echo of the elopement of the young woman from a girl's home, where she was held as a witness against Mr. Seale. Her marriage caused the charge against him to be dropped. The divorce was granted on technical grounds.

SUDDENLY RAISE BAIL OF DECKER.

Spring Surprise in Case of Man Accused of Fraud on Los Angeles Bank.

During the trial yesterday in Judge Reeve's court of Joseph Decker, accused of defrauding a local bank out of \$14,900 through an asserted false letter of credit, Dep. Dist. Atty. Keyes sprung a surprise by asking that the jury be excused while a matter of importance be taken up. He then stated to the court that, because of information that had reached the District Attorney's office, and because the bail in the case was \$10,000, while the amount involved was more, he wished bail of at least \$20,000. After an additional statement by Mr. Keyes regarding the defendant's asserted activities, the court ordered the bail increased and the defendant remanded to the custody of Sheriff Truesher. Previously he had been out on bail of \$10,000.

A clash resulted from the cross-examination of V. H. Rossett, vice-president of the bank, by Lou Guernsey, defense attorney. Guernsey, a banker of San Bernardino, testified his bank had cashed a check on the local bank for the defendant. Henry J. Hoffman of the Pinkerton National Detective Agency, who caused Decker's arrest, testified regarding the defendant's conversation.

Other witnesses were Orra E. Monette, president of the Citizens' Trust and Savings Bank; E. R. Davis, a banker, and Edgar C. King, a detective sergeant. Judge Reeve rendered his verdict at 10 o'clock, where he was arrested. The case will be resumed today.

"Count's" Case Puzzles; Given Two Sentences.

Just what to do with Albert Bichofsky, self-styled Polish count, is a question that arose yesterday for county authorities. Judge Reeve sentenced him to San Quentin penitentiary for from two to twenty years for embezzlement of \$7500 from Dr. S. Levin and O. M. Justice in a fake stock deal. Previously he had been sentenced by the Federal court at San Diego to three years at McNeil Island for violation of the passport regulations. It was understood that the Federal court sentence would be suspended and he would go to McNeil Island at last.

Because of the unusual situation, a stay of execution of sentence for ten days was granted.

Woman Held for Bigamy Says
Godwin Hypnotized Her.

Man Denies Mesmeric Power,
Calls Stage Act Fake.

Remarkable Defense is Put
Up by Twice-Wed Girl.

Hypnotic influence supposed to have been used upon women by Robert McNeil Godwin was mentioned in the local courts, when Mrs. Ethel Alexander Holt was arraigned before Justice Baird on a charge of bigamy. She is said to have married Godwin when she was the wife of John D. Holt, 535 South Wall street. After her case was set for hearing on May 3 she left for Mexico, her home, where she was arrested.

Dep. Dist. Atty. Hill was told by Fletcher Bowron, the woman's attorney, that Godwin, exercised his hypnotic influence upon her on Sept. 7, 1918, and induced her to marry him. It was pointed out that Godwin was convicted of an offense against Thelma Steinbrener, who said he had hypnotized her. He was created probation of two years on this charge.

Godwin, it is stated, denied his hypnotic powers, declaring an act he said was done by a fake. It is also said that another woman was present at his trial and that he married her in 1919.

Mr. Bowron declared that while Godwin was in the Army at Camp Kearney he advertised that he could communicate with a young woman as he was homesick. Mr. Holt, with the knowledge of her husband, is said to have answered and later met Godwin in Los Angeles.

Mrs. Holt relates that she and Godwin had several drinks at a drug store and she does not recall what happened afterward. A marriage ceremony was performed, it was stated, and she has not seen Godwin since.

She returned to her husband, but left him in June, 1920, after a quarrel. He searched for her for a while, and then caused a complaint to be issued against her for bigamy.

ON POTATO LAW.

Local Shippers and Oregon Official
Discuss Quarantine.

Potato shippers and growers of this section met yesterday afternoon in the Chamber of Commerce and discussed the question raised by the Oregon quarantine law and its effect upon the potato industry in this state.

Charles A. Parks, president of the Oregon State Board of Horticulture, presented the reasons that prompted the Oregon Legislature to pass a law requiring inspection certificates for all potatoes of potato into that state. No formal action was taken, but the opinion generally expressed was that Oregon is entirely within her rights in the matter and that for the present California potatoes will have to enter their attention on other markets.

NAMED DELEGATE TO NATIONAL CHAMBER.

Marius De Brabant, local traffic man, who is in New York on business, has been designated by President E. G. Jodan of the Commercial Board of Los Angeles to represent the board at the convention of the United States Chamber of Commerce in Atlantic City, the 24th to the 28th inst. He will also attend the foreign trade convention at Cleveland, O., May 4 to 7.

DRIVING EXPENSIVE.

Man Fined Five Hundred for Running Car While Intoxicated.

For driving an automobile on Vermont avenue, near Fifty-first street, on September 3, last, while intoxicated, R. H. Feather was fined \$500, with an alternative of six months in the County Jail, by Judge Herve, yesterday. The defendant paid \$500 of the fine and was given until the 28th inst. to pay the remainder.

Young Wife Withdraws Her
Charge of Failure to
Provide.

"Just to teach him a lesson," Mrs. Glenn W. Martin caused her husband's arrest for failure to provide. Then when she stared him in the face, she became alarmed. She went to the home of Judge Summerfield, accompanied by her attorney, A. C. Webb, and Mr. Glenn was released on his own recognizance.

The young couple became reconciled. Yesterday they came to Judge Summerfield's court, smiling and happy, and the failure to provide charge was dismissed. Mr. Glenn is barely past his majority.

RACING ENTHUSIAST OF SPEEDWAY DEAD.

SAMUEL YOUNG, WHO GREETED
THOUSANDS AT BEVERLY
HILLS, IS CALLED.

He who was the most conspicuous person at the Los Angeles Speedway will be absent from the next big Beverly Hills racing event, for Samuel Young, the man with the heartiest of handshakes, died Wednesday night at his residence, 1039 West Thirty-fifth street. Apoplexy was the cause of death.

Mr. Young was 73 years of age and the father of A. M. Young, pioneer automobile man of Los Angeles and secretary of the Los Angeles Speedway Association. Though he had been declining in health for a month, his illness did not reach a dangerous stage until a few days ago. Despite his advanced age, Mr. Young was one of the most active men at the Beverly Hills speedway. He attended all the big auto races and events and always delegated himself as a one-man committee of welcome to greet all visitors as they swarmed through the gates. His hearty handshake was always the first to welcome the race enthusiasts and the newspaper men to the huge racetrack.

Mr. Young came to this city fifteen years ago from Michigan. At the time of his death he was president of the Michigan State Society. Besides his son, he leaves his widow, Mrs. Rosetta Young.

Funeral services will be conducted at 2 p. m. today in the funeral parlors of the Connell Company, 1235 South Hope street. Interment will be in Rosedale Cemetery.

L.C.S. STUDENTS FORM CLUB HERE.

Students of the International Correspondence Schools in Los Angeles are forming a social organization to be known as the L.C.S. Club. Its present headquarters are at 330 Haas Building. Later regular club quarters will be secured. Club and study rooms, an employment bureau, entertainment features, evening classes, etc., are among the benefits offered. C. E. Newlin is temporary secretary. Permanent officers will be elected at a meeting to be held this month.

ELKS MAY LEASE GOVERNMENT LAND.

PORTERVILLE, April 21.—Porterville Elks are planning to ask permission from the government to lease a five-acre tract on the road between the Forks of the Tule River and Camp Nelson in order to provide a desirable site for annual "Elks." Just at this time special thought is being given a three-day "Elks" to be staged in Camp Wishon this summer. Should the lodge be successful in securing the lease they will permit the Y.M.C.A. boys and Boy Scouts to utilize the grounds any time they are not being used by the Elks.

CHAMBER RAPS LEGISLATORS.

Reapportionment Bill Action
Given Condemnation.

Drive, for Representation by
Population Launched.

Disposition to Reconsider
Credited to Lawmakers.

Strongly condemning unfavorable action on the reapportionment bill by the Legislature and at the same time launching a movement to enlist the entire southern part of the State, directors of the Chamber of Commerce yesterday took a firm stand for legislative representation in accordance with population. The action was inspired by the recent postponement of action on the measure by a very narrow margin.

The chamber not only has telegraphed every representative its views but will appeal all chambers of commerce in the State of its action and request that these commercial organizations also appeal to the legislative representatives of their districts for consideration of the reapportionment bill at this session.

The failure to reapportion representation in accordance with population is the most astounding action that ever has been brought to our attention. It strikes at the very foundation of our government's existence. We earnestly request that legislators in your power to bring about at the very earliest possible moment the just and equitable reapportionment of representation.

A telegram to Gov. Stephens from the chamber brought the reply that legislators were disposed to reconsider the reapportionment bill at an extra session, but that Gov. Stephens believes that the time for consideration is now. The southern part of the State suffers most from the lack of favorable action on the part of the Legislature, as the greatest increases in population during the past ten years were in this section of the State.

SHOT BY POLICEMAN.

Mexican Five Times Wounded in
Knife and Gun Battle.

Shot four times by Police Officer Bartley during a knife and gun battle at Los Angeles Harbor, Francisco Herrera, a Mexican laborer, is said to be dying at the County Hospital.

Herrera and another Mexican, Manuel Gonzalez, engaged in a fight at Third street and Pacific avenue, during which Herrera is said to have stabbed Gonzalez in the right cheek and over the right ear.

When Bartley attempted to place Herrera under arrest he was struck and knocked down by the Mexican, who attacked him with his knife, he says. Then Herrera drew his revolver and opened fire. Although wounded, the Mexican still endeavored to knife the policeman, who it is asserted, was compelled to tell him with the butt of his gun, fracturing his skull.

The officer was uninjured.

O. K. PIPE LINE SALE.

Union Oil's Proposal to Dispose of
Blanket Franchise Approved.

After making a check of the proposal submitted by the Union Oil Company for sale of franchise for a crude oil pipe line, the Board of Public Utilities yesterday approved of advertising for sale of the franchise, some of which will expire within five years. The proposed blanket franchise will run twenty-one years from 1921.

The franchises in question permit the operation of a pipe line by the Union for the purpose of conveying oil from the Whittier field through Boyle Heights, then along the Los Angeles River to Avenue 34 to supply the industries of the north and east sections of this city with fuel oil. The city reserves the right, in case of emergency, to secure oil from the pipe line at the then current price of oil.

AD MEN TO GATHER.

State Organization to Open Sessions
at Del Monte Today.

Advertising men from all parts of the State will gather at Del Monte today for a two-day convention of the California Advertising Service Association, which was organized a year ago at Santa Barbara. Today's session will be devoted to organization matters and their various problems. At the Saturday sessions the external relations of the agency will be discussed by a number of speakers. A golf tournament in the afternoon and a formal ball in the evening will close the convention.

WITNESS BEHIND BARS; AUTO CASE DEFERRED.

In order that the prosecution might bring here Gerald Condit, now in the Ventura County Jail, as a witness against Thomas A. Monsean and F. G. Myers, accused of stealing an automobile valued at \$250, the case was continued yesterday by Justice Hinshaw until Tuesday. After the continuance, the hearing of Monsean on another charge in which he is accused of defrauding F. S. Allen out of a phonograph, also was continued until Tuesday.

LICENSE REVOKED FOR SHORT-MEASURE SALES

The license granted John A. Morrison to conduct an automobile filling station at 1413 East First street was revoked yesterday by the fire commission because Mr. Morrison had pleaded guilty to selling five gallons, one quart and a half pint of gasoline for six gallons. He was fined \$50 for this offense by Judge Chesbro on the 4th inst.

BOARD TO SIFT GUARD CHARGES

(Continued from First Page.)

public judgment might be withheld pending outcome of the inquiry asserting that great harm might come to the Los Angeles regiment if hasty conclusions are reached by the general public.

Following its investigation, Gen. Borree, the board of inquiry will file its report with the Adjutant-General's office. The following announcement, under "Special Orders No. 34," was issued by the Adjutant-General today in connection with the case: "Whereas, the Los Angeles Chamber of Commerce has at various times for the purpose of inquiring into, reporting on, and rendering an opinion on the merits of the case of certain irregular financial transactions alleged to exist in the case of the said Lieut.-Col. James S. McKnight in connection with the solicitation of funds for the use of the California National Guard."

RESOLUTION ADOPTED.

The naval and military affairs committee of the Chamber of Commerce filed its report on the matter with the board of directors yesterday, and the following resolution, copies of which have been forwarded to Gov. Stephens and Adj.-Gen. Borree, was adopted by the board: "Whereas, the Los Angeles Chamber of Commerce has at various times heretofore expressed an interest in the organization and development of the National Guard of the State of California and formally and particularly gave expression to its views on May 27, 1920, and at various other times, and

"Whereas, these charges have to do with alleged misconduct of a nature, the trial and determination of which is amply provided for by the military and naval affairs committee of the National Guard of the State of California, and

"Whereas, the Adjutant-General of the State, to wit, Gen. J. B. Borree, was present at a part of the hearing of these matters before the military and naval affairs committee, and is, therefore, conversant with the entire matter, and

"Whereas, Lieut.-Col. James S. McKnight has been informed that he has been appointed to a board of inquiry in the premises, now, therefore, be it

"Resolved, that the board of directors of the Los Angeles Chamber of Commerce await the action and decision of the board of inquiry."

City Population Figures Boosted by New Estimate.

The Federal Census Bureau, it was learned yesterday, has announced that the semi-official census of Los Angeles, July 1, showed a population of about 511,656. This estimate was made at the request of the Los Angeles Chamber of Commerce. It was based on the official census last year plus an estimate of normal growth.

An estimate made independently by the Chamber of Commerce, Secretary Wiggins said, 155,000 higher than the Census Bureau estimate. The chamber estimate was reckoned on the basis of the city directory, the customary average on school enrollment and telephone and water service installations.

FOR SCHOLARSHIPS.

More Than Thousand Club Women
to Be Present at Benefit Today.

More than 1500 prominent club women of this city are expected to be present at a benefit to be given today at 3 p. m. at the Ambassador Theater, under the auspices of the Philanthropy and Civics Club. Funds raised will be used for scholarships for children worthy of support in Los Angeles. According to Mrs. Lillian Goldstein, president of the organization, an excellent entertainment will be furnished. The public is invited.

LONDON, April 22.—Germany government reiterating her commitment to reconstruction of devastated France through the German Foreign Office, today to the British Foreign Office.

Germany is absolutely persuaded that it is unavoidable necessary for purposes of restoring economic life throughout the world that the German devastated territories should be reconstructed and rebuilt. Until this is done there is danger that feelings of bitterness will exist among the nations concerned.

Germany therefore declares her willingness to be entirely willing to participate in this reconstruction of the devastated territories, and to take the necessary steps to ensure that the reconstruction is carried out in a manner which will be to the benefit of all the nations concerned.

Germany is ready to take over the reconstruction of the devastated territories, either as a state or as a private enterprise, and to ensure that the reconstruction is carried out in a manner which will be to the benefit of all the nations concerned.

Full Blood to Become Per Cent American from Cheyenne, W. Ko.

(Wyo.) April 22.—The full-blooded Indian ever known to have been given citizenship by the United States government, according to officials here, was today given citizenship by Judge John Riner of the District Court. He is a Cheyenne, 23 years old, of pure blood, and a veteran of World War.

He was admitted under an act of Congress passed Nov. 3,
